About Your Benefits:

Taking care of your teeth can be expensive. That's why the right dental insurance is so important — it not only pays for preventive care that can keep you and your family healthy, but it also helps pay for more extensive, costly and often unexpected expenses — such as fillings, crowns and root canals. Plus, you save money and have the assurance that you are getting the right care when you use one of our contracted dentists. Guardian has been providing outstanding dental plans to millions of Americans for more than 50 years. When you enroll with Guardian, you have access to one of the nation's largest dental networks offering significant discounts so you know there's always high-quality, affordable dental care close by. From preventive checkups and cleanings, to comprehensive oral care treatments, we have you covered.

Option 1: With your **Managed Dental Care** plan, you enjoy negotiated discounts from our network dentists. You pay a fixed copay for each covered service. Out-of-network visits are not covered.

Option 2: With your **PPO** plan, you can visit any dentist; but you pay less out-of-pocket when you choose a PPO dentist. Out-of-network benefits are based on a percentile of the prevailing fee data for the dentist's zip code.

Emergency Dental Services (Applicable in IL, IN, MI, and MO only)

Emergency Dental Services means only covered, bona fide emergency services which are reasonably necessary to relieve the sudden onset of severe pain, fever, swelling serious bleeding or severe discomfort, or to prevent the imminent loss of teeth. Services related to the initial emergency condition but not required specifically to relieve pain, discomfort, bleeding or swelling or to prevent imminent tooth loss, including services performed at the emergency visit and services performed at subsequent visits, are not considered emergency dental services.

A Member should contact his or her PCD who will arrange for Emergency Dental Services. All PCDs are required to have arrangements for Emergency Dental Services 24 hours a day, 7 days a week.

We provide for Emergency Dental Services 24 hours a day, 7 days a week, to all Members. A Member should contact his or her selected and assigned PCD, who will make arrangements for such care. If the Member is unable to reach his or her PCD in an emergency during normal business hours, he or she must contact our Member Services Department for instructions. If the Member is not able to reach his or her PCD in an emergency after normal business hours, the Member may seek Emergency Dental Services from any dentist. Then, within 2 business days, he or she should call Guardian to advise of the emergency claim. The Member must submit to Guardian: (a) the bill incurred as a result of the emergency; (b) evidence of payment; (c) a brief explanation of the

emergency; and (d) a description of the attempt to reach his or her PCD. This must be done within 90 days, or as soon as is reasonably possible. Guardian will reimburse the Member for 50% of the cost of the Emergency Dental Services.

General Guidelines For Alternative Procedures

There may be a number of accepted methods of treating a specific dental condition. When a Member selects an alternative procedure over the service recommended by the PCD, the Member must pay the difference between the PCD's usual charges for the recommended service and the alternative procedure. He or she will also have to pay the applicable Patient Charge for the recommended service.

When the Member selects a posterior composite restoration as an alternative procedure to a recommended amalgam restoration, the alternative procedure policy does not apply.

When the Member selects an extraction as an alternative procedure to root canal therapy, the alternative procedure does not apply.

When the PCD recommends a crown, the alternative procedure policy does not apply, regardless of the type of crown placed. The type of crown includes, but is not limited to: (a) a full metal crown; (b) a porcelain fused to metal crown; or (c) a porcelain crown. The Member must pay the applicable Patient Charge for the crown actually placed.

The Plan provides for the use of noble, high noble and base metals for inlays, onlays, crowns, and fixed bridges. When high noble metal is used, the Member will pay an additional amount for the actual cost of the high noble metal. In addition, the Member will pay the usual Patient Charge for the inlay, onlay, crown or fixed bridge. The total Patient Charges for the high noble metal may not exceed the actual lab bill for the service.

In all cases when there is more than one course of treatment available, a full disclosure of all the options must be given to the Member before treatment begins. The PCD should present the Member with the treatment plan in writing before treatment begins, to assure that there is no confusion over what he or she must pay.

General Guidelines For Alternative Treatment By The PCD

There may be a number of accepted methods for treating a specific dental condition. In all cases where there are more than one course of treatment available, a full disclosure of all the options must be given the Member before treatment begins. The PCD should present the Member with a written treatment plan, including treatment costs, before treatment begins, to minimize the potential for confusion over what the Member should pay, and to fully document informed consent.

- If any of the recommended alternate services are selected by the Member and not covered under the Plan, then the Member must pay the PCD's usual charge for the recommended alternate service.
- If any treatment is specifically not recommended by the PCD (i.e., the PCD determines it is not an appropriate service for the condition being treated), then the PCD is not obliged to provide that treatment even if it is a covered service under the Plan.

Members can request and receive a second opinion by contacting Member Services in the event they have questions regarding the recommendations of the PCD or Participating Specialty Care Dentist.

Crowns, Bridges and Dentures

A crown is a covered service when it is recommended by a PCD. The replacement of a crown or bridge is not covered within 5 years of the original placement under the Plan. The replacement of a partial or complete denture is covered only if the existing denture cannot be made satisfactory by relining, rebase or repair. Construction of new dentures may not exceed one each in any 5-year period from the date of previous placement under the Plan. Immediate dentures are not subject to the 5-year limitation.

The benefit for complete dentures includes all usual post-delivery care including adjustments for 6 months after insertion. The benefit for immediate dentures: (a) includes limited follow-up care only for 6 months; and (b) does not include required future permanent rebasing or relining procedures or a complete new denture.

Porcelain crowns and/or porcelain fused to metal crowns are covered on anterior, bicuspid and molar teeth when recommended by the PCD.

Multiple Crown and Bridge Unit Treatment Fee

When a Member's treatment plan includes six (6) or more covered units of crown and/or bridge to restore teeth or replace missing teeth, the Member will be responsible for the Patient Charge for each unit of crown or bridge, plus an additional charge per unit as shown in the Covered Dental Services and Patient Charges section.

Pediatric Specialty Services

If, during a PCD visit, a Member under age eight (8) is unmanageable, the PCD may refer the Member to a Participating Pediatric Specialty Care Dentist for the current treatment plan only. Following completion of the approved pediatric treatment plan, the Member must return to the PCD for further services. If necessary, We must first authorize subsequent referrals to the Participating Specialty Care Dentist. Any services performed by a Pediatric Specialty Care Dentist after the Member's eighth (8th) birthday will not be covered, and the Member will be responsible for the Pediatric Specialty Care Dentist's usual fees.

Second Opinion Consultation (Not applicable in CA):

A Member may wish to consult another Dentist for a second opinion regarding services recommended or performed by: (a) his or her PCD; or (b) a Participating Specialty Care Dentist through an authorized referral. To have a second opinion consultation covered by Us, the Member must call or write Member Services for prior authorization. We only cover a second opinion consultation when the recommended services are otherwise covered under the Plan.

A Member Services Representative will help the Member identify a Participating Dentist to perform the second opinion consultation. The Member may request a second opinion with a Non-Participating General Dentist or Specialty Care Dentist. The Member Services Representative will arrange for any available records or radiographs and the necessary second opinion form to be sent to the consulting Dentist. The second opinion consultation shall have the applicable Patient Charge for code D9310.

Third opinions are not covered unless requested by Us. If a third opinion is requested by the Member, the Member is responsible for the payment. Exceptions will be considered on an individual basis, and must be approved in writing by Us.

The Plan's benefit for a second opinion consultation is limited to \$50.00. If a Participating Dentist is the consultant dentist, the Member is responsible for the applicable Patient Charge for code D9310. If a Non-Participating Dentist is the consultant dentist, the Member must pay the applicable Patient Charge for code D9310 and any portion of the Non-Participating Dentist's fee over \$50.00.

Second Opinion Consultation (Applicable in CA only):

A Member may wish to consult another Dentist for a second opinion regarding services recommended or performed by: (a) his or her PCD; or (b) a Participating Specialty Care Dentist through an authorized referral. To have a second opinion consultation covered by Us, the Member must call or write Member Services for prior authorization. We only cover a second opinion consultation when the recommended services are otherwise covered under the Plan.

Plan will review and approve second opinions if there are questions regarding the following;

- The reasonableness or necessity of a recommended surgical procedure.
- Diagnosis or plan of care, including once care has been initiated.
- Treatment in progress.

Authorization or denial will be provided in an expeditious manner. The Member will be notified in writing if the second opinion is denied and reason for denial will be included. The Member will have the right to file a grievance with the Plan.

A Member Services Representative will help the Member identify a Participating Dentist to perform the second opinion consultation. The Member may request a second opinion with a Non-Participating General Dentist or Specialty Care Dentist. The Member Services Representative will arrange for any available records or radiographs and the necessary second opinion form to be sent to the consulting dentist. Authorizations for second opinions are valid for sixty (60) days from the date of approval. Once the second opinion consultation is completed and the Second Opinion Form is returned to the Member Services Representative, you and your dentist will receive a copy of the findings and recommendations.

You may appeal a denial for a second opinion to:

Managed Dental Care (MDC)
Grievance Committee
21255 Burbank Boulevard Suite 120
Woodland Hills, CA 91367

The appeal will be reviewed through the Plan's grievance process on the basis of the necessity of the treatment and/or specialty procedure being recommended. Appeals are reviewed on the basis of all available dental records and the input of the referring dentist. All appeals for the necessity of a second opinion are reviewed by a dentist having appropriate clinical background, as determined by MDC's Dental Director. Second opinions that have not received prior authorization and are for non-covered services are excluded.

MDC has a written policy describing the timeline for second opinions and how we administer the second opinion program. You may request a complete copy of MDC's written policy by contacting the Member Services Department at 800-273-3330, or by mail at P.O. Box 4391, Woodland Hills, CA 91367.

Noble and High Noble Metals

The Plan provides for the use of noble metals for inlays, onlays, crowns, and fixed bridges. When high noble metal (including "gold") is used, the Member will be responsible for the Patient Charge for the inlay, onlay, crown, or fixed bridge, plus an additional charge equal to the actual laboratory cost of the high noble metal.

General Anesthesia / IV Sedation

General anesthesia / IV sedation – General anesthesia or IV sedation is limited to services provided by a Participating Oral Surgery Specialty Care Dentist. Not all Participating Oral Surgery Specialty Care Dentists offer these services. The Member is responsible to identify and receive services from a Participating Oral Surgery Specialty Care Dentist willing to provide general anesthesia or IV sedation.

Office visit Patient Charges that are the Member's responsibility after the employer's Group Plan has been in effect for three (3) full years, will be paid to the PCD by Us.

Orthodontic Treatment

The Plan covers, up to, twenty-four (24) months of comprehensive orthodontic treatment. If treatment beyond twenty-four (24) months is necessary, the Member will be responsible for each additional month of treatment, based upon the Participating Orthodontic Specialty Care Dentist's contracted fee.

Except as described under the Treatment in Progress – Orthodontic Treatment and Treatment in Progress – Takeover Benefit for Orthodontic Treatment, orthodontic services are not covered if comprehensive treatment begins before the Member is eligible for benefits under the Plan. If a Member's coverage terminates after the fixed banding appliances are inserted, the Participating Orthodontic Specialty Care Dentist may prorate his or her usual fee over the remaining months of treatment. The Member is responsible for all payments to the Participating Orthodontic Specialty Care Dentist for services after the termination date. Retention services are covered at the Patient Charge shown in the Covered Dental Services and Patient Charges section only following a course of comprehensive orthodontic treatment started and completed under this Plan. (This paragraph is not applicable in MI).

The Member is responsible for all payments to the Participating Orthodontic Specialty Care Dentist for services after the termination date. (This paragraph is applicable in MI only).

If a Member transfers to another Orthodontic Specialty Care Dentist after authorized comprehensive orthodontic treatment has started under this Plan, the Member must pay any additional costs associated with the change in Orthodontic Specialty Care Dentist and subsequent treatment.

The benefit for the treatment plan and records includes initial records and any interim and final records. The benefit for comprehensive orthodontic treatment covers the fixed banding appliances and related visits only. The Member must pay for any additional fixed or removable appliances. The benefit for orthodontic retention is limited to twelve (12) months and covers any and all necessary fixed and removable appliances and related visits. Retention services are covered only following a course of comprehensive orthodontic treatment covered under the Plan. Treatment-in-Progress – Takeover Benefit for Orthodontic Treatment (Not Applicable in MI):

The Treatment-in-Progress - Takeover Benefit for Orthodontic Treatment (Orthodontic Takeover Treatment-In-Progress) provides a Member who qualifies, as explained below, a benefit to continue comprehensive orthodontic treatment that was started under another dental HMO plan with the current treating Orthodontist, after this Plan becomes effective.

A Member may be eligible for the Treatment-in-Progress - Takeover Benefit for Orthodontic Treatment only if:

- The Member was covered by another dental HMO plan just prior to the effective date of this Plan and had started comprehensive orthodontic treatment (D8070, D8080, or D8090) with a Participating Network Orthodontist under the prior dental HMO plan;
- The Member has such orthodontic treatment in progress at the time this Plan becomes effective;
- The Member continues such orthodontic treatment with the treating Orthodontist;
- The Member's payment responsibility for the comprehensive orthodontic treatment in progress has increased because the treating Orthodontist raised fees due to the termination of the prior dental HMO plan; and
- A Treatment-in-Progress – Takeover Benefit for Orthodontic Treatment Form, completed by the treating Orthodontist, is submitted to Us within 6 months of the effective date of this Plan.

The benefit amount will be calculated based on: (i) the number of remaining months of comprehensive orthodontic treatment; and (ii) the amount by which the Member's payment responsibility has increased as a result of the treating Orthodontist's raised fees, up to a maximum benefit of \$500 per Member.

The Member will be responsible to have the treating Orthodontist complete a Treatment-in-Progress – Takeover Benefit for Orthodontic Treatment Form and submit it to Us. The Member has 6 months from the effective date of this Plan to have the Form submitted to Us in order to be eligible for the Treatment-in-Progress - Takeover Benefit for Orthodontic Treatment. We will determine the Member's additional payment responsibility and prorate the months of comprehensive orthodontic treatment that remain. The Member will be paid quarterly until the benefit has been paid or until the Member completes treatment, whichever comes first. The benefit will cease if the Member's coverage under this Plan is terminated.

This benefit is only available to Members that were covered under the prior dental HMO dental plan and are in comprehensive orthodontic treatment with a Participating Network Orthodontist when this Plan becomes effective with Us. It will not apply if the comprehensive orthodontic treatment was started when the Member was covered under a PPO or Indemnity plan; or where no prior coverage existed; or if the Member transfers to another Orthodontist. This benefit applies to Members of new Plans only. It does not apply to Members of existing Plans. And it does not apply to persons who become newly eligible under the Group after the effective date of this Plan.

The benefit is only available to Members in comprehensive orthodontic treatment (D8070, D8080, or D8090). It does not apply to any other orthodontic services. Additionally, we will only cover up to a total 24 months of comprehensive orthodontic treatment.

Continuity of Care Benefit for Orthodontic Treatment in Progress with a Non-Participating Provider (Applicable in MI only):

Continuity of Care Benefit for Orthodontic Treatment with a Non-Participating Provider provides a Member who qualifies, as explained below, a continuity of care benefit.

A Member may qualify for the Continuity of Care Benefit for Orthodontic Treatment in Progress with a Non-Participating Provider only if all of the following conditions are met:

- The Member was covered by another dental HMO plan just prior to the effective date of this Plan;

- The Member had started comprehensive orthodontic treatment (D8070, D8080 or D8090) under the prior plan with an Orthodontist who participated in that plan's network but who does not participate in the Plan network;
- The Member has such orthodontic treatment in progress at the time this Plan becomes effective;
- The Member elects to continue comprehensive orthodontic treatment with the treating Non-Participating Orthodontist;
- The Member's payment responsibility for the such orthodontic treatment has increased because the treating Non-Participating Orthodontist raised fees due to the termination of the prior dental HMO plan; and
- Continuity of Care Benefit for Orthodontic Treatment in Progress with a Non-Participating Provider Form, completed by the treating Non-Participating Orthodontist is submitted to Us within 6 months of the effective date of this Plan.

The benefit amount will be calculated based on: (i) the number of remaining months of comprehensive orthodontic treatment; and (ii) the amount by which the Member's payment responsibility has increased as a result of the treating Orthodontist's raised fees, up to a maximum benefit of \$500 per Member.

We will determine the Member's additional payment responsibility and prorate the months of comprehensive orthodontic treatment that remain. The benefit will be paid quarterly to the treating Orthodontist until the benefit has been paid or until the Member completes treatment, whichever comes first. The benefit will cease if the Member's coverage under this Plan is terminated.

This benefit does not apply to any services other than comprehensive orthodontic treatment (D8070, D8080 or D8090). It will not apply if the comprehensive orthodontic treatment was started when the Member was covered under a PPO or Indemnity plan; or where no prior coverage existed; or if the Member transfers to another Orthodontist. This benefit applies to Members of new Plans only. It does not apply to Members of existing Plans. And it does not apply to persons who become newly eligible under the Group after the effective date of this plan.

v.08192

** Child orthodontics is limited to dependent children under age 19; adult orthodontics is limited to dependent children age 19 and above and employee or spouse. A Member's age is determined on the date of banding.

*** Treatment in progress: Orthodontic Treatment – Comprehensive orthodontic treatment is started when the teeth are banded. Orthodontic treatment procedures which are listed on the Plan Schedule and were started but not completed prior to the Member's eligibility to receive benefits under this plan may be covered if the Member identifies a Participating Orthodontic Specialty Care Dentist who is willing to complete the treatment at a patient charge equal to 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. In this situation retention services would also be at 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. When comprehensive orthodontic treatment is started prior to the Member's eligibility to receive benefits under this plan, the Patient Charge for orthodontic retention is equal to 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. Also refer to the Orthodontic Takeover Treatment-in-Progress section.

++ Covered Services are subject to exclusions, limitations and Plan provisions as described in Member's Plan Booklet and the Manual.

The Plan Covers:

- Orthodontic services as listed under Covered Dental Services and Patient Charges, limited to one (1) course of treatment per Member. We must preauthorize treatment, and it must be performed by a Participating Orthodontic Specialist Dentist.
- Up to twenty-four (24) months of comprehensive orthodontic treatment.
- Treatment plan and records, including initial records and any interim and final records.
- Comprehensive orthodontic treatment, including the fixed banding appliances and related visits only.
- Retention services following a course of comprehensive orthodontic treatment that was covered under this Plan.
- Orthodontic retention, including any and all necessary fixed and removable appliances and related visits.
- If a Member has orthodontic treatment associated with orthognathic surgery (a non-covered procedure involving the surgical moving of teeth), the Plan provides the standard orthodontic benefit. The Member will be responsible for additional charges related to the orthognathic surgery and the complexity of the orthodontic treatment. The additional charge will be based on the Participating Orthodontic Specialist Dentist's usual fee.

This Plan Does Not Cover:

- Any procedure listed as an exclusion, in excess of Plan limitations, or as not covered under MDG.
- Orthodontic treatment performed by any dentist other than a Participating Orthodontic Specialist Dentist.
- Limited orthodontic treatment and interceptive (Phase I) treatment.
- Treatment beyond twenty-four (24) months. (The Member will be responsible for an additional charge for each additional month of treatment, based upon the Participating Orthodontic Specialist Dentist's contracted fee.)
- Except as described under treatment in progress – orthodontic treatment, orthodontic services are not covered if comprehensive treatment begins before the Member is eligible for benefits under the Plan. If a Member's coverage terminates after the fixed banding appliances are inserted, the Participating Orthodontist Specialty Care Dentist may prorate his or her usual fee over the remaining months of treatment.
- Orthodontic services after a Member's coverage terminates.
- Any incremental charges for non-standard orthodontic appliances or those made with clear, ceramic, white or other optional material or lingual brackets.
- Procedures, appliances or devices to (a) guide minor tooth movement or (b) to correct or control harmful habits.
- Re-treatment of orthodontic cases, or changes in orthodontic treatment necessitated by any kind of accident.
- Replacement or repair of orthodontic appliances damaged due to the neglect of the Member.
- Extractions performed solely to facilitate orthodontic treatment.
- Orthognathic surgery (moving of teeth by surgical means) and associated incremental charges.
- If a Member transfers to another Participating Orthodontic Specialty Care Dentist after authorized comprehensive orthodontic treatment has started under this Plan, the Member will be responsible for any additional costs associated with the change in Orthodontic Specialty Care Dentist and subsequent treatment.

v.08192

** Child orthodontics is limited to dependent children under age 19; adult orthodontics is limited to dependent children age 19 and above and employee or spouse. A Member's age is determined on the date of banding.

*** Treatment in progress: Orthodontic Treatment – Comprehensive orthodontic treatment is started when the teeth are banded. Orthodontic treatment procedures which are listed on the Plan Schedule and were started but not completed prior to the Member's eligibility to receive benefits under this plan may be covered if the Member identifies a Participating Orthodontic Specialty Care Dentist who is willing to complete the treatment at a patient charge equal to 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. In this situation retention services would also be at 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. When comprehensive orthodontic treatment is started prior to the Member's eligibility to receive benefits under this plan, the Patient Charge for orthodontic retention is equal to 85% of the Participating Orthodontic Specialty Care Dentist's usual fee. Also refer to the Orthodontic Takeover Treatment-in-Progress section.

++ Covered Services are subject to exclusions, limitations and Plan provisions as described in Member's Plan Booklet and the Manual.

The Plan Covers:

- Orthodontic services as listed under Covered Dental Services and Patient Charges, limited to one (1) course of treatment per Member. We must preauthorize treatment, and it must be performed by a Participating Orthodontic Specialist Dentist.
- Up to twenty-four (24) months of comprehensive orthodontic treatment.
- Treatment plan and records, including initial records and any interim and final records.
- Comprehensive orthodontic treatment, including the fixed banding appliances and related visits only.
- Retention services following a course of comprehensive orthodontic treatment that was covered under this Plan.
- Orthodontic retention, including any and all necessary fixed and removable appliances and related visits.
- If a Member has orthodontic treatment associated with orthognathic surgery (a non-covered procedure involving the surgical moving of teeth), the Plan provides the standard orthodontic benefit. The Member will be responsible for additional charges related to the orthognathic surgery and the complexity of the orthodontic treatment. The additional charge will be based on the Participating Orthodontic Specialist Dentist's usual fee.

This Plan Does Not Cover:

- Any procedure listed as an exclusion, in excess of Plan limitations, or as not covered under MDG.
- Orthodontic treatment performed by any dentist other than a Participating Orthodontic Specialist Dentist.
- Limited orthodontic treatment and interceptive (Phase I) treatment.
- Treatment beyond twenty-four (24) months. (The Member will be responsible for an additional charge for each additional month of treatment, based upon the Participating Orthodontic Specialist Dentist's contracted fee.)
- Except as described under treatment in progress – orthodontic treatment, orthodontic services are not covered if comprehensive treatment begins before the Member is eligible for benefits under the Plan. If a Member's coverage terminates after the fixed banding appliances are inserted, the Participating Orthodontist Specialty Care Dentist may prorate his or her usual fee over the remaining months of treatment.
- Orthodontic services after a Member's coverage terminates.
- Any incremental charges for non-standard orthodontic appliances or those made with clear, ceramic, white or other optional material or lingual brackets.
- Procedures, appliances or devices to (a) guide minor tooth movement or (b) to correct or control harmful habits.
- Re-treatment of orthodontic cases, or changes in orthodontic treatment necessitated by any kind of accident.
- Replacement or repair of orthodontic appliances damaged due to the neglect of the Member.
- Extractions performed solely to facilitate orthodontic treatment.
- Orthognathic surgery (moving of teeth by surgical means) and associated incremental charges.
- If a Member transfers to another Participating Orthodontic Specialty Care Dentist after authorized comprehensive orthodontic treatment has started under this Plan, the Member will be responsible for any additional costs associated with the change in Orthodontic Specialty Care Dentist and subsequent treatment.

Savings for visiting in-network providers average 30% of what dentists usually charge!

In-network: Benefits are based on a negotiated contracted fee schedule. No balance billing!

Out-of-network: Benefits are based on usual, reasonable, and customary rates for a given area.

NAP & PPO Plan Example:

Network vs. Non-Network Savings* Difference in your out-of-pocket expense: \$61 Benefits for a Root Canal (on a molar)			
Network Care		Out-of-Network Care

Plan Pays:	\$532**	Plan Pays:	\$774**
You Pay:	\$133	You Pay:	\$194
*Savings may be greater or less depending on your dentist's location **Assumes service is covered at an 80% co-insurance level			

It's easy to find a network dentist

- One of the industry's largest Preferred Provider networks – highly skilled dental professionals at over 200,000 locations.
- To find a dentist, visit www.GuardianAnytime.com. You can also download our GuardianAnytime mobile app to use our Find-a-Provider tool.

DentalGuard General Limitations and Exclusions: This policy provides dental insurance only. Coverage is limited to those charges that are necessary to prevent, diagnose or treat dental disease, defect, or injury. Deductibles apply. The plan does not pay for: oral hygiene services (except as covered under preventive services), orthodontia (unless expressly provided for), cosmetic or experimental treatments, any treatments to the extent benefits are payable by any other payor or for which no charge is made, prosthetic devices unless certain conditions are met, and services ancillary to surgical treatment. The plan limits benefits for diagnostic consultations and for preventive, restorative, endodontic, periodontic, and prosthodontic services. The services, exclusions and limitations listed above do not constitute a contract and are a summary only. The Guardian plan documents are the final arbiter of coverage. Dental Maximum Rollover[®]

Save Your Unused Claims Dollars For When You Need Them Most

Guardian will roll over a portion of your unused annual maximum into your personal Maximum Rollover Account (MRA). If you reach your Plan Annual Maximum in future years, you can use money from your MRA. To qualify for an MRA, you must have a paid claim (not just a visit) and must not have exceeded the paid claims threshold during the benefit year. Your MRA may not exceed the MRA limit. You can view your annual MRA statement detailing your account and those of your dependents on www.GuardianAnytime.com.

Please note that actual maximum limitations and thresholds vary by plan. Your plan may vary from the one used below as an example to illustrate how the Maximum Rollover functions.

Plan Annual Maximum*	Threshold	Maximum Rollover Amount	In-Network Only Rollover Amount	Maximum Rollover Account Limit
\$2000	\$800	\$400	\$600	\$1500
Maximum claims reimbursement	Claims amount that determines rollover eligibility	Additional dollars added to Plan Annual Maximum for future years	Additional dollars added to Plan Annual Maximum for future years if only in-network providers were used during the benefit year	Plan Annual Maximum plus Maximum Rollover cannot exceed \$3,500 in total

* If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan.

Here's how the benefits work:

YEAR ONE: Jane starts with a \$2000 Plan Annual Maximum. She submits \$150 in dental claims. Since she did not reach the \$800 Threshold, she receives a \$400 rollover that will be applied to Year Two.

YEAR TWO: Jane now has an increased Plan Annual Maximum of \$2,400. This year, she submits \$50 in claims and receives an additional \$400 rollover added to her Plan Annual Maximum.

YEAR THREE: Jane now has an increased Plan Annual Maximum of \$2,800. This year, she submits \$2,500 in claims. All claims are paid due to the amount accumulated in her Maximum Rollover Account.

YEAR FOUR: Jane's Plan Annual Maximum is \$2,300 (\$2,000 Plan Annual Maximum + \$300 remaining in her Maximum Rollover Account).

For Overview of your Dental Benefits, please see About Your Benefit Section of this Enrollment Booklet.

NOTES:

You and your insured dependents maintain separate MRAs based on your own claim activity. Each MRA may not exceed the MRA limit.

Cases on either a calendar year or policy year accumulation basis qualify for the Maximum Rollover feature. For calendar year cases with an effective date in October, November or December, the Maximum Rollover feature starts as of the first full benefit year. For example, if a plan starts in November of 2013, the claim activity in 2014 will be used and applied to MRAs for use in 2015.

Under either benefit year set up (calendar year or policy year), Maximum Rollover for new entrants joining with 3 months or less remaining in the benefit year, will not begin until the start of the next full benefit year. Maximum Rollover is deferred for members who have coverage of Major services deferred. For these members, Maximum Rollover starts when coverage of Major services starts, or the start of the next benefit year if 3 months or less remain until the next benefit year. (Actual eligibility timeframe may vary. See your Plan Details for the most accurate information.)
