- The prior health coverage issuer substantially violated a material provision of the health coverage contract;
- A network provider's participation in your and/or your dependent's health plan ended when you and/or your dependent(s) were under active care for one of the following conditions: an acute condition (an acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration); a serious chronic condition (a serious chronic condition is a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration); pregnancy; terminal illness (a terminal illness is an incurable or irreversible condition that has a high probability of causing death within one year or less); care of a newborn child between birth and age 36 months; or performance of a surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract's termination date or within 180 days of the effective date of coverage for a newly covered insured;
- A member of the reserve forces of the United States military returning from active duty or a member of the California National Guard returning from active duty service under Title 32 of the United States Code;
- An individual demonstrates to the Department of Managed Health Care or Department of Insurance, as applicable, with respect to health benefit plans offered outside the Exchange that the individual did not enroll in a health benefit plan during the immediately preceding enrollment period available because the individual was misinformed that he or she was covered under minimum essential coverage.
